MT MORGANS

LAVERTON, WESTERN AUSTRALIA

The Project

Dacian Gold awarded an open pit mining services contract to Macmahon in November 2017 for the Mt Morgans Gold Mine.

Mt Morgans is located 37 kilometres west south west of Laverton in Western Australia.

Macmahon is expected to move more than 100 million tonnes of material over the initial five year term, generating around \$250 million in revenue. There is also an option to extend the contract by another 31 months following the initial period.

With a production rate of 200,000 ounces a year, Mt Morgans is expected to be the biggest gold mine to come on line in Australia for six years.
